### **Synergy Services Ranked #2 in Staffing Industry Analysts List of Fastest-Growing Private Staffing Companies**

DENVER, CO September 21, 2007 – Synergy Services was ranked #2 in the recently released list of American's Fastest-Growing Private Staffing Companies 2007 by Staffing Industry Analysts. Staffing Industry Analysts is the premier research and analysis firm covering the contingent workforce. The report, conducted on an annual basis, selected from over 80 companies nationwide who submitted responses to the questionnaire to develop the list. The ranking is based on an average of the company's percentage of revenue increase each year from 2002 through 2006.

Because of their high ranking, Synergy Services was profiled in the report. According to the report, Synergy Services has achieved 115% average annual growth during the period. The company was founded in 2001, when staffing was at a low point. As a payrolling company, Synergy allows client companies to bring back workers- such as their own former employees who have retired or been laid off- as contract workers on Synergy's payroll.

"We are excited to have been ranked second among such a distinguished group of private staffing companies," stated Tim Miller, Founder and CEO of Synergy Services Inc.

Miller continues to see a strong outlook for his company and the staffing industry in general.

"There is a trend to move away from lifelong employment, and people are becoming more transient," he said.
