Synergy Introduces Synergy Online Technology Solution for Clients and Contractors

Denver, CO, November 10, 2004 – Synergy Services Corp., a leading provider of contingent workforce solutions, recently introduced its Synergy Online web based technology solution for clients, partners and contractors. Synergy Online is a state-of-the-art technology solution with features such as online timesheets, consolidated billing, online payroll details and reporting.

“We are excited with the roll-out of our new technology solution”, said Scott Zirbel, President of Synergy Services Corp. “We believe this new technology platform will bring tremendous efficiencies and value to our customers, partners and contract employees.”

Some of the key functionality of the Synergy Online technology platform includes:

Personalized secure home page for contractors and client administrators to login via the web and receive a personalized home page including access to applications, payroll information and documentation to better perform their duties.

Online timesheets allows contractors to input time and expense details online via any web browser and automate the timesheet approval process.

Pay details and online W-2 access give contractors access to payroll details including online access to individual pay stubs, detailed check history and tax details at any time.

HR documentation and contact information (graphics): employee handbooks, safety information and enrollment forms can be viewed or downloaded online.

Reporting offers numerous standard and custom reports that can be generated for clients to better manage their contract spend. Standard reports are immediately available to client administrators online after each pay period.

Synergy Online will be deployed through the end of the year and fully operational for 2005.

About Synergy

Synergy Services Corp. is a leading provider of contingent workforce solutions for companies who employ contractors and temporary workers. Synergy was founded on the premise of delivering superior contingent workforce solutions at competitive rates to companies who utilize contractors or temporary workers as a supplement to their full time employee workforce. In addition, Synergy Services is designed to assist companies in avoiding the risks associated with misclassification of contractors and ensure 1099

compliance. By offering the highest level of service at the lowest possible cost, Synergy Services allows its customers to focus on their core business competencies rather than shoulder the burden of administrative costs and other unnecessary liabilities.
